

MEAL CHARGES

In accordance with state and federal law, the Gilbert Community Schools adopts the following policy to ensure school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, prevent the overt identification of students with insufficient funds to pay for school meals, and maintain the financial integrity of the nonprofit school nutrition program.

Payment of Meals

All meal purchases may be paid by depositing money online or by paying at the building office or District office

Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases.

Negative Account Balances

The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. The school district will coordinate communications with the student's parent or guardian to resolve the matter of unpaid charges. Parents or guardians will be notified of an outstanding negative balance once the negative balance reaches \$10.00 per child by building personnel. Negative balances of more than \$100.00, will be turned over to the superintendent or superintendent's designee for collection.

Unpaid Student Meals Account

The district will establish an unpaid student meals account in a school nutrition fund. Funds from private sources and funds from the district flexibility account may be deposited into the unpaid school meals account in accordance with law. Funds deposited into this account shall be used only to pay individual student meal debt.
