

*Please read this important message from Gilbert Community Schools*

Gilbert Patrons,

As of June 4th the district will reopen our playgrounds and the track at the Intermediate building for community use. Please be aware that we will not be disinfecting the equipment so you will need to determine whether or not to use them. We know these spaces are important for exercise and play and are glad they are available for use. However we ask that you use social distancing protocol.

Enjoy your summer!
