

Gilbert Schools

Every Student. Every Day.

December 2, 2020

Gilbert Staff and Families,

The CDC has issued its new quarantine release guidance. If you are interested, here is a [link](#) to the CDC document. Our school nurses, Laura Metzger and Jenna Kester, have been in contact with Story County Public Health, and these new guidelines will take effect immediately.

We know most of our quarantined students are affected by this change. Any of our Prek - 12 students whose return date is NOW TOMORROW, Thursday, December 3rd, have been contacted by Gilbert staff. Others currently quarantining will be contacted by Gilbert staff tomorrow to discuss updated return dates.

All changes are reflected in the Exposure and Quarantine Updates, which is located on the District COVID page, here is the [link](#).

Thank you for working with us on these changes. We look forward to having all students back at school.

Stay healthy!
